Family Energy And Savings Team **FEAST**

A FEAST of Savings!

FEAST, the Family Energy And Savings Team, is a joint project by West Lothian Council Advice Shop and West Lothian Credit Union Forum.

If you are aged 16-25 yourself, or have a child living with you under the age of 16, you can apply for a full home energy audit. An adviser will come to your home to advise on any insulation and heating grants that may be available, as well as providing information on payment methods, dual fuel and social tariffs and advice on any billing problems. With the money saved through this service, if you open a credit union account with one of the three credit unions operating in West Lothian, FEAST will pay £10 into the account immediately, plus another £10 after six months if you have added at least £25 in savings yourself.
